Building a Special with Ant Anstead Master Mechanic Ant Anstead 2021-07-20 Ant Anstead's Building a Special brings the Haynes story full circle, coming 61 years after the original Building a 750 Special was written by John Haynes, Haynes Publishing's founder, when he was still a schoolboy. This book is a TV tie-in, following the 12-part TV series Ant Anstead Master Mechanic, aired on Motor Trend, part of the Discover Network in the US and UK, following Ant Anstead's build of his own-design 'special' car, taking inspiration from the Alfa 158 - the first World Championship-winning F1 car, which raced from the 1930s until the 1950s. The 12-part TV series followed Ant's build of the car, from the first design ideas, through the construction, culminating in the debut of the car during the 2019 US Grand Prix weekend in Austin, Texas. The book follows Ant's personal build of the car, from the selection of the donor MG TD for the chassis, and Alfa Romeo Spider for the engine and gearbox, through modifying the chassis, building the suspension, steering, brakes, bodywork and interior, and putting all the components together to produce a finished one-off 'special.' Content includes: Introduction The history of specials Planning Donor car Chassis, suspension, steering, rear axle Engine, fuel system, cooling system, ancillaries, exhaust Gearbox Bodywork Braking system Cockpit Wiring Preparation and painting Testing Setting up and Making road legal.

He just charged you \$60 for thirty seconds of actual work, but surely he doesn't get to keep all of it, or does he? He must have overhead, a storefront, expensive equipment and years of training? Maybe...or just maybe he works from home, out of his car, with minimal tools and experience, advertising online and pocketing \$200-\$300+ per day. Perhaps he's knocking down six-figures a year, driving around town providing roadside services to other people who are trying to get to their "real" jobs (working for someone else). Meet Jon Taylor, founder of Quick Pick Lockout Service and MrQuickPick™ Lock & Road Service. His company, Quick Pick Lockout Service, would gross over half a million dollars in it's first three years and, in the process, win AAA's prestigious Member's Choice Award for three consecutive years.
