**The Psychosocial Implications of Disney Movies** Lauren Dundes 2019-07-11 In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

**Elon Musk** Wiroon Tanthapanchakoon 2015-08-22 WHY YOU SHOULD READ THIS BOOK Everybody wants to know Mark Zuckerberg. Young people adore every inch of this intelligent fellow. Girls would die for an hour with him (Sorry, Pricilla). Everyone -- just everyone wants a piece of him. Well, after all, the world is swarmed by 1.5 billion Digital Natives and Immigrants who make use of Facebook, the company he founded inside his cramped dorm-size room. Then here comes Elon Reeve Musk climbing up the ladder of the most influential and successful people to date. His name is already permanently imprinted on Forbes Magazine. Not only does he juggle leading and running today's biggest companies (note: plural form), but this guy is literally going for the moon--err, Mars, actually. Musk does not aim to conquer the world with his brilliance, ingenuity, and enormous confidence in human capabilities, but he is aiming to conquer the universe. To say that this man dares to push the envelope of the human knowledge is an understatement. Fédération Aéronautique Internationale, the sole governing body for the ultimate aerospace records, has awarded Musk with FAI Gold Space Medal. This is the same awarded that Astronaut Neil Armstrong. To know the reason behind this award, you simply have to flip one chapter after the other. This book illustrates how Elon Musk is thriving to satisfy everyone's futuristic fancies. This is not to hail him as the best man who ever worked on the face of the earth, but to prove his authenticity as a genius and as a man of vision. Starship Eternal M. R. Forbes 2015-01-09 ----- A lost starship... A dire warning from futures past... A desperate search for salvation...

----- Captain Mitchell "Ares" Williams is a Space Marine and the hero of the Battle for Liberty, whose Shot Heard 'Round the Universe saved the planet from a nearly unstoppable war machine. He's handsome, charismatic, and the perfect poster boy to help the military drive enlistment. Pulled from the war and thrown into the spotlight, he's as efficient at charming the media and bedding beautiful celebrities as he was at shooting down enemy starfighters. After an assassination attempt leaves Mitchell critically wounded, he begins to suffer from strange hallucinations that carry a chilling and oddly familiar warning: They are coming. Find the Goliath or humankind will be destroyed. Convinced that the visions are a side-effect of his injuries, he tries to ignore them, only to learn that he may not be as crazy as he thinks. The enemy is real and closer than he imagined, and they'll do whatever it takes to prevent him from rediscovering the centuries lost starship. Narrowly escaping capture, out of time and out of air, Mitchell lands at the mercy of the Riggers - a ragtag crew of former commandos who patrol the lawless outer reaches of the galaxy. Guided by a captain with a reputation for cold-blooded murder, they're dangerous, immoral, and possibly insane. They may also be humanity's last hope for survival in a war that has raged beyond eternity.

**Hell's Rejects** M. R. Forbes 2017-02-17 The most powerful starships ever constructed are gone. Thousands are dead. A fleet is in ruins. The attackers are unknown. The orders are clear: Recover the ships. Bury the bastards who stole them. Lieutenant Abigail Cage never expected to find herself in Hell. As a Highly Specialized Operational Combatant, she was one of the most respected soldiers in the military. Now she's doing hard labor on the most miserable planet in the universe. Not for long. The Earth Republic is looking for the most dangerous individuals it can control. The best of the worst, and Abbey happens to be one of them. The deal is simple: Bring back the starships, earn your freedom. Try to run, you die. It's a suicide mission, but she has nothing to lose. The only problem? There's a new threat in the galaxy. One with a power unlike anything anyone has ever seen. One that's been waiting for this moment for a very, very, long time. And they want Abbey, too. Be careful what you wish for. They say Hell hath no fury like a woman scorned. They have no idea...

**How to Keep Your Focus** Sunday Adelaja 2016-03-05 Why do people with great potential in life miss their chance to be successful? The Finger of God Jesse L. Jackson Jr. 2021-12-06 Let me offer an early disclaimer. I know exactly who the Founders were. I know exactly the crimes against humanity that they were responsible for and those they inherited and were not responsible for. I do not spend time extolling the virtues of Mr. Jefferson, Mr. Adams, Mr. Franklin, and Mr. Madison. Nothing in this work or in my

experiment (my life's work) can change the fact or alter the history of the debasement of humanity that preceded the Declaration of Independence (1776), the Constitution (1787), and the Bill of Rights (1791) they were a part of and the obvious fact that the major accomplishment of the Founders' theories about self-government did not apply to African Americans and Native Americans, women, and specifically Black women in their thinking. Still, there exists in their theological imagination infinite hope for their experiment. This work seeks to identify the evidence that shows and suggests that some of them were aware of a grand architectural experiment and design for the nation and its future. Every cracked, broken, and imperfect vessel can be used to bring forward hope. I am a personal witness to this fact of human existence.

Vicious Circle Mike Carey 2008-09-04 Castor has reluctantly returned to exorcism after the case of the Bonnington Archive ghost convinced him that he really can do some good with his abilities ('good', of course, being a relative term when dealing with the undead). But his friend, Rafi, is still possessed; the succubus, Ajulutsikael (Juliet to her friends), still technically has a contract on him; and he's still - let's not beat around the bush - dirt poor. Doing some consulting for the local constabulary helps pay the bills, but Castor needs a big, private job to really fill the hole in his overdraft. That's what he needs. What he gets, good fortune and Castor not being on speaking terms, is a seemingly insignificant 'missing ghost' case that inexorably drags himself and his loved ones into the middle of a horrific plot to raise one of Hell's fiercest demons. And when Satanists, sacrifice farms, stolen spirits and possessed churches all appear on the same police report, the name of Felix Castor can't be too far behind . . .

Boxed M. R. Forbes 2015-07-10 My name is Landon Hamilton. Once upon a time I was a security guard, trying to regain my life after spending a year in prison for stealing people's credit card numbers. Now, I'm dead. Okay, I was supposed to be dead. I got killed after all. But a funny thing happened after I had turned the mortal coil... I met Dante Alighieri. Yeah, that Dante. He told me I was special. A diuscruis. That's what they call a perfect balance of human, demon, and angel. Apparently, I'm the only one of my kind. I also learned that there was a war raging on Earth between Heaven and Hell and that I was the only one who could save the human race from annihilation. Dante asked me to help, and I was dumb enough to agree. Sounds crazy, I know, but he wished me luck and sent me back to the mortal world. Oh yeah, he also gave me instructions on how to use my Divine 'magic' to bend the universe to my will. Too bad a sexy vampire crushed them while I was crushing on her. Now I have to somehow find a way to stay alive in a world of angels, vampires, werewolves, and more who all want to get rid of me before I can mess up their plans for humanity's future. It's not like it's the end of the world if I fail. Wait. It is. ----- Boxed contains the first three books in the popular urban fantasy Divine Series: Balance Betrayal Broken

*Learn How to Increase Your Chances of Winning the Lottery* Richard Lustig 2010 In his book, Richard discusses the ins and outs and dos and don'ts of buying lottery tickets to increase your chances of winning. He has created a method that he and members of his family use that has enabled them to WIN several lottery game GRAND prizes. This is a very easy to use method and will work with any type lottery games (scratch tickets or number games) in any state or country. Here are some quotes from people who have used his method: "My husband and I used Richard Lustig's lotto method and within months of starting the method we hit a Mega Money jackpot for 2 million dollars! It was really easy to follow. You only play what you can and you can still win! Shaun and I will only play lotto from now on using these strategies." -Jennifer and Shaun, Florida "Since we've been using your method, we have definitely been winning more that we used to. It's easy to follow" -Dale, Florida "I just wanted to let you know that my husband and I read through your lottery method last night. It seems great. It seems to be just simple logic and makes sense." -Kate, Illinois

*The Lies of Locke Lamora* Scott Lynch 2008-04-18 Vowing to bring down the crime boss running the city, a group of Gentlemen Bastards, led by Locke Lamora, sets out to beat the Capa at his own game, taking on other thieves, murderers, beggars, prostitutes, and thugs in the process.

*Slavery and the British Country House* Andrew Hann 2013 In 2007 English Heritage commissioned initial research into links with transatlantic slavery or its abolition amongst families who owned properties now in its care. This was part of the commitment by English Heritage to commemorate the bicentenary of the abolition of the British transatlantic slave trade with work that would make a real difference to our understanding of the historic environment in the longer term. The research findings and those of other scholars and heritage practitioners were presented at the 'Slavery and the British Country House' conference which brought together academics, heritage professionals, country house owners and community researchers from across Britain to explore how country houses might be reconsidered in the light of their slavery linkages and how such links have been and might be presented to visitors. Since then the conference papers have been updated and reworked into a cutting edge volume which represents the most current and comprehensive consideration of slavery and the British country house as yet undertaken.

*Dyslexia's Competitive Edge* Tiffany Sunday 2015-05-05 "Dyslexia's Competitive Edge is a book for every dyslexic entrepreneur, business owner, and professional. Tiffany's book is full of strategies and insight, but most important she showcases the value of dyslexia and how it is a competitive advantage." Skip Howard, Managing Director of Dallas Partners, Entrepreneur, and Inventor DYSLEXIA'S COMPETITIVE EDGE discusses how dyslexics can use their strengths to launch businesses, grow their companies, or accelerate their careers. The book includes personal stories, insights, and strategies from fellow dyslexics and non-dyslexics on how to use the dyslexic brain as a competitive edge. Tiffany offers advice on how to successfully manage difficulties that dyslexia can present such as having a response plan for when a dyslexic's word retrieval system misfires. As a dyslexic business owner, Tiffany writes from experience. She wrote a book she wished was available earlier in her career on how to use the dyslexic brain as an asset. Tiffany provides readers with an extensive resource section at the back of the book. As technology rapidly advances many of the talents dyslexics possess, such as creative, visionary, and outside-the-box thinking, will increase in demand exponentially.

*Forgotten* Michael Forbes 2017-11-25 Sheriff Hayden Duke was born on the Starship Pilgrim, and expects to die there. Oskar Schindler David Crowe 2007-08-01 Spy, businessman, bon vivant, Nazi Party member, Righteous Gentile. This was Oskar Schindler, the controversial man who saved eleven hundred Jews during the Holocaust but struggled afterwards to rebuild his life and gain international recognition for his wartime deeds. David Crowe examines every phase of Schindler's life in this landmark biography, presenting a savior of mythic proportions who was also an opportunist and spy who helped Nazi Germany conquer Poland. Schindler is best known for saving over a thousand Jews by putting them on the famed "Schindler's List" and then transferring them to his factory in today's Czech Republic. In reality, Schindler played only a minor role in the creation of the list through no fault of his own. Plagued by local efforts to stop the movement of Jewish workers from his factory in Kraków his new one in Brüz, and his arrest by the SS who were investigating corruption charges against the infamous Amon Gö Schindler had little say or control over his famous "List." The tale of how the "List" was really prepared is one of the most intriguing parts of the Schindler story that Crowe tells here for the first time. Forced into exile after the war, success continually eluded Schindler and he died in very poor health in 1974. He remained a controversial figure, even in death, particularly after Emilie Schindler, his wife of forty-six years, began to criticize her husband after the appearance of Steven Spielberg's film in 1993. In Oskar Schindler, Crowe steps beyond the mythology that has grown up around the story of Oskar Schindler and looks at the life and work of this man whom one prominent Schindler Jew described as "an extraordinary man in extraordinary times."

Earth Unknown M. R. Forbes 2018-05-18 Some things are meant to stay forgotten... Former Centurion Space Force Captain Nathan Stacker is a criminal. He isn't proud of it, but the truth is there aren't many options for men like him in a place like Proxima - humankind's closest settlement to Earth. It's surprisingly hard to make a clean start on a planet with a population of over one hundred million, and the only thing keeping him out of a containment center is a job as a courier for the Trust - the planet's ruthless crime syndicate. It isn't the life he dreamed of when he entered the Space Force, but at least he has a wife who loves him. Everything changes when Nathan returns home to find her violently murdered, killed over a dangerous secret he never knew she held. Charged with her homicide, desperate to uncover the truth and avenge her death, Nathan launches a bold escape to the only place in the universe he thinks he'll be safe: Earth. He couldn't be more wrong. He's about to learn that some secrets are bigger than a planet. Some secrets are impossible to escape. And some secrets have the power to destroy more than one life and more than one world. Some secrets have the power to destroy everything.

*The Praetorian STARShip: the untold story of the Combat Talon* 2001 Jerry Thigpen's study on the history of the Combat Talon is the first effort to tell the story of this wonderfully capable machine. This weapons system has performed virtually every imaginable tactical event in the spectrum of conflict and by any measure is the most versatile C-130 derivative ever produced. First modified and sent to Southeast Asia (SEA) in 1966 to replace theater unconventional warfare (UW) assets that were limited in both lift capability and speed the Talon I quickly adapted to theater UW tasking including infiltration and resupply and psychological warfare operations into North Vietnam. After spending four years in SEA and maturing into a highly respected UW weapons system the Joint Chief of Staff (JCS) chose the Combat Talon to lead the night low-level raid on the North Vietnamese prison camp at Son Tay. Despite the outcome of the operation the Talon I cemented its reputation as the weapons system of choice for long-range clandestine operations. In the period following the Vietnam War United States Air Force (USAF) special operations gradually lost its political and financial support which was graphically demonstrated in the failed Desert One mission into Iran. Thanks to congressional supporters like Earl Hutto of Florida and Dan Daniel of Virginia funds for aircraft upgrades and military construction projects materialized to meet the ever-increasing threat to our nation. Under the leadership of such committed hard-driven officers as Brenci Uttaro Ferkes Meller and Thigpen the crew force became the most disciplined in our Air Force. It was capable of penetrating hostile airspace at night in a low-level mountainous

environment covertly to execute any number of unconventional warfare missions.

**With One More Look at You** Mary J Williams 2017-03-14 WHEN IT COMES TO LOVE, SOMETIMES IT TAKES THE HEAD YEARS TO DISCOVER WHAT THE HEART HAS ALWAYS KNOWN When Forbes Branson was a young man ready for something new. A senior in high school, he was the golden boy. Heir to a fortune, he knew what his life was going to be. But he wanted adventure first. A year to do what he wanted, where he wanted before college. An unexpected betrayal would change everything. Sophie Lipton was fifteen the first time she set foot on the Branson ranch. Dragged from one place to another, never having more than one pair of shoes or enough to eat, the moment she saw the wide open spaces, she felt she could breathe for the first time in her life. It was the home she always dreamed of. But her happiness came at a price. To stay in her new home, Sophie had to keep somebody else's lies. Lies that would eventually tear apart a family. And tear apart her friendship with Forbes. Coming home is never easy-especially after twelve years. Forbes isn't the same young man. He found his adventure-and more. Weary, he's ready to settle into a slower, calmer life. Working on his family's ranch and taking the job as Chief of Police sounds like a piece of cake after the things he had seen and done. Sophie isn't the quiet girl Forbes remembers. She's grown into a strong, confident woman. A woman used to being in charge. The Branson ranch is her territory now. If Forbes thinks he's going to waltz back in and take over, he's going to find out fast that Sophie is no pushover. Twelve years ago, they shared one goodbye kiss. More sweet than passionate. Now, as adults it's a whole new game. The attraction between them is undeniable. Just as they begin to move forward, the past has other ideas. Secrets rarely stay buried forever. Lies. Betrayal. Maybe even murder. Before Forbes and Sophie can think about the future, they will need to deal with the past. Together.

**When Scotland Was Jewish** Elizabeth Caldwell Hirschman 2015-05-07 The popular image of Scotland is dominated by widely recognized elements of Celtic culture. But a significant non-Celtic influence on Scotland's history has been largely ignored for centuries? This book argues that much of Scotland's history and culture from 1100 forward is Jewish. The authors provide evidence that many of the national heroes, villains, rulers, nobles, traders, merchants, bishops, guild members, burgesses, and ministers of Scotland were of Jewish descent, their ancestors originating in France and Spain. Much of the traditional historical account of Scotland, it is proposed, rests on fundamental interpretive errors, perpetuated in order to affirm Scotland's identity as a Celtic, Christian society. A more accurate and profound understanding of Scottish history has thus been buried. The authors' wide-ranging research includes examination of census records, archaeological artifacts, castle carvings, cemetery inscriptions, religious seals, coinage, burgess and guild member rolls, noble genealogies, family crests, portraiture, and geographic place names.
