Apprenticeship Patterns Dave Hoover 2009-10-02 Are you doing all you can to further your career as a software developer? With today's rapidly changing and ever-expanding technologies, being successful requires more than technical expertise. To grow professionally, you also need soft skills and effective learning techniques. Honing those skills is what this book is all about. Authors Dave Hoover and Adewale Oshineye have cataloged dozens of behavior patterns to help you perfect essential aspects of your craft. Compiled from years of research, many interviews, and feedback from O'Reilly's online forum, these patterns address difficult situations that programmers, administrators, and DBAs face every day. And it's not just about financial success. Apprenticeship Patterns also approaches software development from a means to personal fulfillment. Discover how this book can help you make the best of both your life and your career. Solutions to some common obstacles that tend to explore in-depth include: Burned out at work? "Nurture Your Passion" by finding a pet project to rediscover the joy of problem solving. Feeling overwhelmed by too much information? Re-explore familiar territory by building something you've built before, then use "Retreat into Competence" to move forward again. Stuck in your learning? Seek a team of experienced and talented developers with whom you can "Be the Worst" for a while. "Brilliant stuff! Reading this book was like being in a machine that pulled me back to those key learning moments in my career as a professional software developer and, instead of having to learn best practices the hard way, I had a guru sitting on my shoulder guiding me every step towards master craftsmanship. I'll certainly be recommending this book to clients. I wish I had this book 14 years ago!"--Russ Miles, CEO, OpenCredo

The Fisher Body Craftsman's Guild John L. Jacobus 2013-07-01 The Fisher Body Craftsman's Guild was a national auto design competition sponsored by the Fisher Body Division of General Motors. This competition was for teenagers to compete for college scholarships by designing and building scale model "dream" cars. From the 1930s through the 1960s, it helped identify and nurture a whole generation of designers and design executives. Virgil M. Exner, Jr., Charles M. Jordan, Robert Henderson, Robert A. Cadaret, Richard Arbib, Elia "Russ" Russinoff, Galen Wickersham, Ronald C. Hill, Edward F. Taylor, George R. Chartier, Charles W. Pelly, Gary Graham, Charles A. Gibilterra, E. Arthur Russell, William A. Moore, Terry R. Henline, Paul Tatseos, Allen T. Weideman, Kenneth J. Dowd, Stuart Shuster, John M. Mellberg, Harry E. Schoepf, and Ronald J. Will, are among those designers and design executives who participated in the Guild. The book also describes many aspects of the miniature model Napoleonic Coach and other scale model cars the students designed.

The Case of Opposition Stated, Between the Craftsman and the Whigs William Arnall 2003 Simon Varey's edition of William Arnall's Case of Opposition Stated (1732) stands to enrich the ongoing discussion of politics and propaganda in the British paper wars of the 1720s and 1730s. The pamphlet, funded by Sir Robert Walpole's administration, attempted to undermine the credibility of the opposition spearheaded by Viscount Bolingbroke and William Pulteney. Arnall's point-by-point rebuttal of a recent number of Bolingbroke and Pulteney's newspaper, the Craftsman, had a particular urgency about it: the Craftsman's printer had recently been convicted of seditious libel, and the Craftsman was reveling in the publicity, selling more copies as it intensified its attacks on Walpole and George II. Arnall's blistering polemic constituted the administration's most forceful attempt to turn the debate against the opposition. The edition includes a scholarly introduction and notes as well

transcriptions of several numbers of the Craftsman and sections of Dr. Varey's previously unpublished manuscript on the Craftsman. The late Dr. Varey published widely on eighteenth-century subjects.

Feel the Heat
Cindy Gerard 2009-09-29 In New York Times bestselling author Cindy Gerard's sizzling new novel, a ruthless international conspiracy is no match for irresistible alpha heroes of Black Ops, Inc. The Men of Black Ops, Inc., Volume 4
Cindy Gerard 2011-12-27 An eBook box set of bestselling author Cindy Gerard's Black Ops, Inc. books 4-6: Feel The Heat, Risk No Secrets, With No Remorse. FEEL THE HEAT Tough, beautiful, and blond, B.J. Chase, a covert operative at the Defense Intelligence Agency (DIA), is assigned to the National Security Agency to find out if and how someone at NSA is leaking information about a top-secret new U.S. weapons program to terrorists. When NSA cryptologist Stephanie Tompkins brings suspicious intercepted messages to the attention of her division head, her superior is killed and Stephanie gets embroiled in a terrorist plot that implicates her as a traitor. Black Ops Inc. swings into action because Stephanie is the completely honorable and patriotic sister of one of the comrads and BOI team member Raphael Mendoza is secretly in love with her. First, Stephanie is taken to a safe house where BOI agent Joe Greene will guard her. Then Colombian-born Rafe Mendoza and DIA agent B.J. are sent to Colombia by the Department of Defense to find and destroy the site where a replica of the new weapon is being constructed (according to Stephanie's decoded intercepts). Posing as Rafe's lover, B.J. goes to Medellin with Rafe who is using his family's shadowy business connections to infiltrate the drug cartel bankrolling the weapon. As they carry out their deception, demolish the weapon, fake their own deaths and flee Colombia, Rafe and B.J. fall for each other much to their mutual surprise, just as Stephanie and Joe Greene do back in the States. RISK NO SECRETS When Black Ops, Inc. operative Wyatt Savage's former girlfriend Sophie calls him out of the blue, desperately requesting his help, Wyatt flies down to El Salvador. He's never stopped loving Sophie, even though she married his former best friend Hugh, who saved Wyatt's life more times than he can count when they worked together on missions for the CIA. Now Sophie is frantic because one of her students was abducted from the school she runs near the U.S. embassy in San Salvador. It appears Sophie's twelve-year-old daughter was the kidnapper's target but they took the other girl by mistake. Wyatt is shocked when Sophie tells him that she and Hugh divorced two years ago, and she and her daughter hardly ever see him because he travels around the world protecting high-level business executives. With help from Sophie and two of his BOI brothers, Wyatt tracks down the kidnappers, but he alone undertakes the challenge of winning Sophie's heart. WITH NO REMORSE Black Ops, Inc. operative Luke—Doc Holliday—Colter, is taking some much needed down time, making his way across the Peruvian Andes via rail, when banditos attack the moving train in the midnight hours. It soon becomes apparent that robbery is not their intent but the abduction of super model "Valentina," who is traveling in comfort while licking her wounds and recovering from a public scandal involving her ex-husband, high profile US Senator, Marcus Chamberlin. Luke whisks Valentina off the train in a daring escape but the two of them become the targets of a relentless manhunt. Enlisting the aid of Luke's BOI teammates, they soon discover that Valentina's intended abduction is linked to a plot put in play by an international gun smuggling alliance. The BOI team lead by Luke and with Val along as a necessary pawn, race half way around the world to thwart a ruthless attack that would not only result in a devastating loss of life but destroy a tenuous peace the US and her allies established in a vastly unstable part of the world.
