Life Georges Perec 2012-04-24 In this ingenious book Perec creates an entire microcosm in a Paris apartment block. Serge Valene wants to make an elaborate painting of the building he has made his home for the last sixty years. As he plans his picture, he contemplates the lives of all the people he has ever known there. Chapter by chapter, the narrative moves around the building revealing a marvelously diverse cast of characters in a series of every more unlikely tales, which range from an avenging murderer to an eccentric English millionaire who has devised the ultimate pastime...

The Typewriter Revolution: A Typist's Companion for the 21st Century Richard Polt 2015-11-12 The connoisseur's guide to the typewriter, entertaining and practical What do thousands of kids, makers, poets, artists, steampunks, hipsters, activists, and musicians have in common? They love typewriters—the magical, mechanical contraptions that are enjoying a surprising second life in the 21st century, striking a blow for self-reliance, privacy, and coherence against dependency, surveillance, and disintegration. The Typewriter Revolution documents the movement and provides practical advice on how to choose a typewriter, how to care for it, and what to do with it—from National Novel Writing Month to letter-writing socials, from type-ins to typewritten blogs, from custom-painted typewriters to typewriter tattoos. It celebrates the unique quality of everything typewriter, fully-illustrated with vintage photographs, postcards, manuals, and more.

Japanese Bookbinding Kojiro Ikegami 1986-06 A third-generation traditional bookbinder gives easy-to-follow instructions for making all the major, historically important styles of Japanese bindings as well as traditional book cases—the custom-made folding boxes that afford handsome protection for Japan's exquisite books. The authoritative text, written by one of Japan's leading professional bookbinders, has been fully adapted for Western readers. Both American and Japanese suppliers of traditional tools and materials are provided and substitutes are recommended for items not readily available. For centuries the West has admired Japanese books, but only now can we make them ourselves and take full advantage of their creative possibilities. Stunning and practical, these bindings are ideal for preserving calligraphy, letters, artwork, and poems, for adding a distinctive touch to limited-edition books, and for use as diaries or gifts.

Metal Techniques for Craftsmen Oppi Untracht 1968 This book gives complete instructions on the handling, working, and finishing of all metals. It begins with basic information and the characteristic qualities of each of the metals met by the craftsman, both precious and base. It then describes the various techniques in working metals, as well as methods of metal fabrication such as smithing, annealing, forging, and casting. The methods of metal finishing, as well as explanations of various hand tools and their uses are also included.
