While a young lad's prophecy of destiny looms over them both, Marianne and Noah are forced to face their darkest fears as they desperately try to escape and fulfill their destinies - destinies that could change the course of the war and history forever--

**Micro- and Nanobubbles Hideki Tsuge 2014-08-04** Microbubbles and nanobubbles have several characteristics that are comparable with millimeter- and centimeter-sized bubbles. These characteristics are their small size, which results in large surface area and high bioactivity, low rising velocity, decreased friction drag, high internal pressure, large gas dissolution capacity, negatively charged surface, and ability to be crushed and form free radicals. Microbubbles and nanobubbles have found applications in a variety of fields such as engineering, agriculture, environment, food, and medicine. Microbubbles have been successfully used in aquacultures of oysters in Hiroshima, scallops in Hokkaido, and pearls in Mie Prefecture, Japan. This field has shown a strong potential for growth. This book comprehensively discusses microbubbles and nanobubbles and their application in aquaculture, environment, engineering, medicine, stock raising, agriculture, and marine industry. It presents their potential as a new technology that can be utilized globally.

**London In The Nineteenth Century Jerry White 2011-06-08** Jerry White's London in the Nineteenth Century is the richest and most absorbing account of the city's greatest century by its leading expert. London in the nineteenth century was the greatest city mankind had ever seen. Its growth was stupendous. Its wealth was dazzling. Its horrors shocked the world. This was the London of Blake, Thackeray and Mayhew, of Nash, Faraday and Disraeli. Most of all it was the London of Dickens. As William Blake put it, London was 'a Human awful wonder of God'. In Jerry White's dazzling history we witness the city's unparalleled metamorphosis over the course of the century through the daily lives of its inhabitants. We see how Londoners worked, played, and adapted to the demands of the metropolis during this century of dizzying change. The result is a panorama teeming with life.

**Love, Exes, and Ohs (Cactus Creek, Book 4: Isaac & Xoey) Violet Duke 2015-03-17 She's his best friend, and the woman he never stopped loving... To this day, Isaac McKnight still has no idea why the perfectly-imperfect-woman-for-him put an end to their relationship out of the blue. He made sure they stayed friends though. But now, it's a year later and he and Xoey are steadily getting sucked deeper into buddy-zone galaxy, with its dangerous proximity to watch-me-settle-down-with-someone-else abyss. That is...until one drunken confession changes everything. He's the world's greatest ex, and the man she can't risk losing... For Xoey Montenegro, history has taught her that sometimes, it's Prince Charming who does the vanishing. So, as far as tequila-fueled plans for her still-unrecovered love life go, a match-finding formula analyzing the exes responsible for her most epic 'ohs' seems brilliant. The only problem with her genius man-uation, however, is the one ex she never truly got over. Her best friend Isaac. "Every time I pick up one of Violet's stories, I know I'll be in for a heartfelt, emotional, and FUN read. Her heroes are just so swoony and sweet. And sexy!" -- #1 New York Times Bestselling Author Lauren Blakely**

**Prince2 Foundation Training Manual Van Haren Publishing 2017-01-15 Thank you for reading our PRINCE2 Foundation Training Manual. The main objective of this book is to provide an easy-to-read and easy-to-understand PRINCE2(R) Foundation training manual. The official PRINCE2 manual, "Managing Successful Projects with PRINCE2," is an excellent reference manual, but it is not a training manual and should not be used as one, as it is very difficult to comprehend and understand if you are new to project management. The official PRINCE2 manual also covers the complete Practitioner Syllabus, and it's impossible to know which parts are just focused on the PRINCE2 Foundation syllabus, so you have to read everything, which is not good if you are just studying for the foundation exam. Henceforth, this book is meant to be (and is) an easy introduction to PRINCE2 based on the Foundation syllabus, and it's quickly becoming the most read book for people wishing to learn about PRINCE2 and prepare for the foundation exam.**

**Critical Care Transport American Academy of Orthopaedic Surgeons (AAOS), 2009-11-13 Welcome to the new gold standard in critical care transport training. Published in conjunction with the American Academy of Orthopaedic Surgeons (AAOS) and the American College of Emergency Physicians (ACEP), Critical Care Transport offers cutting edge content relevant to any healthcare provider training in critical care transport. Like no other textbook in this market, Critical Care Transport thoroughly prepares medical professionals to function as competent members of a critical care team by covering the material that everyone—paramedics, nurses, physicians, and specialty crew—needs to know to operate effectively in the prehospital critical care environment. This book meets the curricula of major critical care training programs, including University of Maryland, Baltimore County (UMBC). It covers both ground and flight transport, and meets the objectives of critical care transport certification exams such as the Certified Flight Paramedic (FP-C) exam administered by the Board for Critical Care Transport Paramedic Certification. Content includes information specific to prehospital critical care transport, such as flight physiology, lab analysis, hemodynamic monitoring, and specialized devices such as the intra-aortic balloon pump. Standard topics such as airway management, trauma, and pharmacology are covered in the context of critical care. Chapters have been authored by leading critical care professionals across the country and represent the most current, state-of-the-art information on management of critical care patients.**

**Biting Anorexia Lucy Howard-Taylor 2009** My name is Lucy. I am in recovery from anorexia nervosa and major depression, each of which almost killed me. So begins *Biting Anorexia*, an extraordinary account of a teenage girl's descent into the tortured existence of anorexia and her arduous, remarkable recovery. Much of this unflinchingly candid memoir is ripped directly from the pages of author Lucy Howard-Taylor's diary as she struggled with the torturous condition, offering a rare glimpse into the thoughts and fears that grip the minds of those struggling with anorexia, the most fatal of all psychiatric illnesses. Tinged with a wicked sense of humor, Lucy's beautifully written, penetrating insights capture the overpowering anxiety that comes with anorexia and reveal the challenge of recovery. This courageous and compelling story will inspire and support those troubled with the condition, and their family and friends, the world over. ... a graphic yet poetic insight into the pain and suffering experienced by sufferers of eating disorders. --Claire Vickery, CEO and founder of The Butterfly Foundation

**Donors Are People Too Timothy Smith 2020-04-10** It's very clear: Nonprofit organizations need major donors. In his nearly four decades of helping nonprofit organizations raise funds to accomplish their missions, author, Timothy Smith witnessed a clear pattern. The vast majority of donors giving to organizations participate through "mass media," meaning the mail, the telephone, or the Internet. No charity in the world has enough staff members to sit down with every donor personally and form a personal relationship. But over time, we see certain donors emerge as major players. They give more than the average individual, signaling their higher level of interest in the cause, and signaling their interest in a closer relationship with the nonprofit organization. How should the organization respond to these major donors? Timothy Smith has the answers to this question and many others. He has shown us that a healthy nonprofit organization will invest itself in all of its donors to the full extent of the organization's capacity. With unlimited resources, the organization could treat every donor like a major donor. But with limited resources, the organization must invest in each donor according to the donor's expressed level of interest in the mission of the organization. This is simply good, practical management. In the pages of *Donors Are People Too*, Timothy offers wise and proven insights into the care and keeping of major donors. He did not spring from the earth fully formed; he has learned a lot "the hard way." One of his best qualities is his willingness to confront his own failures and learn from them, to reveal his experiences and share wisdom through them. His candor is refreshing, and his insights are valuable.

**Internal Combustion Engines Institution of Mechanical Engineers 2014-10-10** This book presents the papers from the Internal Combustion Engines: Performance, fuel economy and emissions held in London, UK. This popular international conference from the Institution of Mechanical Engineers provides a forum for IC engine experts looking closely at developments for personal transport applications, though many of the drivers of change apply to light and heavy duty, on and off highway, transport and other sectors. These are exciting times to be working in the IC engine field. With the move towards downsizing, advances in FIE and alternative fuels, new engine architectures and the introduction of Euro 6 in 2014, there are plenty of challenges. The aim remains to reduce both CO2 emissions and the dependence on oil-derivate fossil fuels whilst meeting the future, more stringent constraints on gaseous and particulate material emissions as set by EU, North American and Japanese regulations. How will technology developments enhance performance and shape the next generation of designs? The book introduces compression and internal combustion engines' applications, followed by chapters on the challenges faced by alternative fuels and fuel delivery. The remaining chapters explore current improvements in combustion, pollution prevention strategies and data comparisons. presents the latest requirements and challenges for personal transport applications gives an insight into the technical advances and research going on in the IC Engines field provides the latest developments in compression and spark ignition engines for light and heavy-duty applications, automotive and other markets

You need to tell a compelling story that moves the reader emotionally to give. Raise More Money with Email will equip you to do just that. In this book, Jeremy shows you how to: Understand the elements of what goes into an email appeal Write an effective email appeal Create a repeatable process for producing high quality nonprofit fundraising campaigns Generate more email addresses for your fundraising Build a nonprofit email marketing program that gets results You may be creating your first nonprofit fundraising email campaign, or perhaps you want to learn more so that your next effort generates improved results. Either way, this book will help you write more effective appeals that get results. This book will help your NGO get more results from your email marketing program. What Others Say About Raise More Money with Email Jeremy Reis brilliantly reveals the secret to crafting an email appeal that inspires response. Breaking down each component and presenting clear examples, he delivers exactly what you and your marketing team need to know. Understand this type of appeal in the context of other activities. Learn about how to measure results and genuinely thank all those who respond. You need to buy the book and apply these proven best practices immediately! - Tami Heim, President & CEO, Christian Leadership Alliance It has been my privilege to work with Jeremy for quite a few years. We, at BBS, do respect Jeremy's high degree of professionalism and ability. Jeremy is unusual not just in his skills and perspective, but his willingness to keep his focus on his responses and relationships clear - not overwhelmed by fancy graphics or catering only to one generation. In this practical easy-to-use book, Jeremy will teach you how to write and work for response - he will help you communicate missionally with your donors and new friends while maximizing the bottom line. - Dale Berkey, President, BBS & Associates Jeremy's new book, Raise More Money with Email: Activate Digital Giving at Your Nonprofit, is a must read for any nonprofit leader seeking to find that digital stream of revenue that has escaped them to this point. I can highly recommend this book. His ideas around the importance of email to fundraising, urgency and the key to keeping the donor as the hero and at the center of the story will empower the reader to lift their response rates immediately. - Timothy L. Smith, former CDO, Museum of the Bible This book is gold; full of real-world insights and actionable items that is sure to give any non-profit the tools and resources needed to effectively use email to fundraise. - Kyle Chowning, Full Cycle Marketing Jeremy Reis provides important information in email marketing trends and practical, easily implemented steps for the understaffed nonprofit marketer. He builds his case for why his methods work and then gives checklists and step-by-step directions to create effective campaigns. I plan to use his book to train staff and as a working reference to keep on track with creating well-performing email campaigns. - Renee Targos, Nonprofit Marketing Director I have known Jeremy to be relentless in his pursuit of understanding the methodologies of communicating to various audiences. This work has nuggets that can take many ministries into a new platforms of development, measurement and growth. I can endorse Raise More Money with Email without reservation and hesitation. I encourage all those engaged in the work we call ministry to engage with these concepts as positive change will be the result. - Ossie Mills, VP of Communications and Marketing, ORU

**Sketching Light Joe McNally 2011-12-06** Following up on the great success of *The Moment It Clicks* and *The Hot Shoe Diaries: Big Light from Small Flashes*, legendary magazine photographer Joe McNally takes us on another memorable ride with *Sketching Light*, another trip into the land of light--but this time running the gamut from small flash to big flash, and everywhere in between. Of course, Joe includes coverage of Nikon Speedlights, but he also covers big flash, as well as "in-between" lights as the Elinchrom Quadra. The exploration of new technology, as well as the explanation of older technology. No matter what equipment Joe uses and discusses, the most important element of Joe's instruction is that it is straightforward, complete, and honest. No secrets are held back, and the principles he talks about apply generally to the shaping and quality of light, not just to an individual model or brand of flash. He tells readers what works and what doesn't via his let's-see-what-happens approach, he shows how he sets up his shots with plentiful sketches and behind-the-scenes production shots, and he does it all with the intelligence, clarity, and wisdom that can only come from shooting in the field for 30 years for the likes of National Geographic, Time, Life, and Sports Illustrated--not to mention the wit and humor of a clearly warped (if gifted) mind.
