I Can't Believe I Lived the Whole Thing Howie Cohen 2019-06-13 His famous Alka Seltzer TV commercials had the whole world saying, "I can't believe I ate the whole thing" and "Try it, you'll like it." In this fun, fast-paced, and often hilarious memoir, Howie Cohen gives us a front row seat to those amazing revolutionary times: how pot and the pill opened the doors (and everything else) to sexual and creative freedom; the creative takeover by mensch-y Jewish copywriters and macho Italian art directors; the disruption of ad campaigns like "the dumb shoe" and "the exploding clown"; the madness of Hollywood movie moguls; the sacrifices, the struggles, the wins and the losses. I Can't Believe I Lived the Whole Thing chronicles Howie's personal journey from The Bronx to the Clio Hall of Fame in an era that changed the look and the language of American pop culture.

The Stars in Our Pockets Howard Axelrod 2020-01-14 What shapes our sense of place, our sense of time, and our memory? How is technology changing the way we make sense of the world and of ourselves? Our screens offer us connection, especially now in the wake of the COVID-19 pandemic, but there are certain depths of connection our screens can't offer—to ourselves, to the natural world, and to each other. In this personal exploration of digital life's impact on how we see the world, Howard Axelrod marshals science, philosophy, art criticism, pop culture, and his own experience of returning from two years of living in solitude in northern Vermont. *The Stars in Our Pockets* is a timely reminder of the world around us and the worlds within us—and how, as alienated as we may sometimes feel, they were made for each other.

Between a Heart and a Rock Place Pat Benatar 2010-06-15 One of the best-selling female rock stars of all time, the incomparable Pat Benatar writes about her life, rock 'n' roll, and how her generation changed music forever in *Between a Heart and a Rock Place*. The first solo female rocker ever to appear on MTV, Benatar writes with the same edge and attitude that was a hallmark of her music—from “Heartbreaker” to “Hit Me with Your Best Shot.” The winner of four consecutive Grammy Awards for Best Female Rock performance, Pat Benatar tells a fascinating, no-holds-barred story of what it was really like to be a woman in the mostly male world of hard rock in the '80s.

The Schwa was Here Neal Shusterman 2006-03-02 They say his clothes blend into the background, no matter where he stands. They say a lot of things about the Schwa, but one thing's for sure: no one ever noticed him. Except me. My name is Antsy Bonano, and I was the one who realized the Schwa was “functionally invisible” and used him to make some big bucks. But I was also the one who caused him more grief than a friend should. So if you all just shut up and listen, I'll tell you everything there is to know about the Schwa, from how he got his name, to what really happened with his mom. I'll spill everything. Unless, of course, “the Schwa Effect” wipes him out of my brain before I'm done....

Never Have Your Dog Stuffed Alan Alda 2009-04-02 He's one of America's most recognizable and acclaimed actors—a star on Broadway, an Oscar nominee for *The Aviator*, and the only person to ever win Emmys for acting, writing, and directing during his eleven years on M*A*S*H. Now Alan Alda has written a memoir as elegant, funny, and affecting as his greatest performances. 'My mother didn't try to stab my father until I was six,' begins Alan Alda's irresistible story. The son of a popular actor and a loving, but mentally ill mother, he spent his early childhood backstage in the erotic and comic world of burlesque and went on after early struggles to achieve extraordinary success in his profession. Yet *Never Have Your Dog Stuffed* is not a memoir of show business ups and downs. It is a moving and funny story of a boy growing into a man who then realizes he has only begun to grow. It is the story of turning points in his life, events that would make him what he is - if only he could survive them. From the moment as a boy when his dead dog is returned from the taxidermist's shop with a hideous expression on his face, and he learns that death can't be undone, to the decades-long effort to find compassion for the mother he lived with but never knew, to his acceptance of his father in him, personally and professionally, he learns the hard way that change, uncertainty and transformation are what life is made of, and the good life is made of welcoming them. *Never Have Your Dog Stuffed*, filled with curiosity about Nature, good humour and honesty, is the crowning achievement of an actor, author, and director, but surprisingly, it is the story of a life more filled with turbulence and laughter than any he's ever played on the stage or screen.

Kasher in the Rye Moshe Kasher 2012-03-28 A hopeful and inspiring “act of comedic magic” from comedian—and now memoirist!—Moshe Kasher (Artie Lange, #1 New York Times bestselling author of *Too Fat to Fish*). Rising young comedian Moshe Kasher is lucky to be alive. He started using drugs when he was just 12. At that point, he had already been in psychoanalysis for 8 years. By the time he was 15, he had been in and out of several mental institutions, drifting from therapy to rehab to arrest to...you get the picture. But *Kasher in the Rye* is not an “eye opener” to the horrors of addiction. It's a hilarious memoir about the absurdity of it all. When he was a young boy, Kasher's mother took him on a vacation to the West Coast. Well it was more like an abduction. Only not officially. She stole them away from their father and they moved to Oakland, California. That's where the real fun begins, in the war zone of Oakland Public Schools. He was more than just out of control—his mother walked him around on a leash, which he chewed through and ran away. Those early years read like part Augusten Burroughs, part David Sedaris, with a touch of Jim Carrol...but a lot more Jewish. In fact, Kasher later spends time in a Brooklyn Hasidic community. Then came addiction... Brutally honest and laugh-out-loud funny, Kasher's first literary endeavor finds humor in even the most horrifying situations.

Know Not Why Hannah Johnson 2019-08-22 Howie gets a job at Artie Kraft's Arts 'N Crafts hoping to score with his lady coworkers. After all, girls love a sensitive guy, and what's more sensitive than dedicating your life to selling yarn and ... stuff? (Okay, so maybe it'd be a good idea to actually learn what one sells at an arts 'n crafts store.) But things don't go exactly according to plan. Coworker #1 is Kristy: blonde, bubbly, unattainable perfection. Coworker #2 is Cora: tiny, much-pierced, and way too fierce to screw with in any sense. And Coworker #3 is, well, Arthur. It goes without saying that he's not an option. Right?... Right? Yeah, Howie's life just got straight up confusing. Pun intended.

Here's the Deal Howie Mandel 2010 A memoir by the comedian and host of "Deal or No Deal" reveals his ongoing struggle with OCD and ADHD and how they have shaped his life and career, cataloging his fears and neuroses and sharing stories about how he has tried to integrate them into his act.

You're Only as Good as Your Next One Mike Medavoy 2013-06-25 "An under-read and engaging show-biz memoir." -The New Yorker "If I had a talent for anything, it was a talent for knowing who was talented." Mike Medavoy is a Hollywood rarity: a studio executive who, though never far from controversy, has remained well loved and respected through four decades of moviemaking. What further sets him apart is his role in bringing to the screen some of the most acclaimed Oscar-winning films of our time: *Apocalypse Now*, *One Flew Over the Cuckoo's Nest*, *Amadeus*, *The Silence of the Lambs*, *Philadelphia*, and *Sleepless in Seattle* are just some of the projects he green-lighted at United Artists, Orion, TriStar, his own Phoenix Pictures. "The ultimate lose-lose situation for a studio executive: to wind up with a commercial bomb and a bad movie." Of course, there are the box office disasters, and the films, as Medavoy says, "for which I should be shot." They, too, have a place in his fascinating memoir -- a pull-no-punches account of financial and political maneuvering, and of working with the industry's brightest star power, including Steven Spielberg, Martin Scorsese, Francis Ford Coppola, Kevin Costner, Robert De Niro, Jodie Foster, Sharon Stone, Michael Douglas, Meg Ryan, and countless others. "Putting together the elements of a film is a succession of best guesses." Medavoy speaks out on how movie studio buyouts have stymied the creative process and brought an end to the "hands-off" golden age of filmmaking. An eyewitness to Hollywood history in the making, he gives a powerful and poignant view of the past and future of a world he knows intimately.

Make Your Own Rules Wayne Rogers 2011-02-08 Wayne Rogers, star of the classic TV series *M*A*S*H**, has had even more success as a businessman and entrepreneur than as an actor. Rather than accepting the stifling constraints of the corporate system, the iconoclastic star applied his own unique viewpoint to a wide range of businesses (a restaurant, a vineyard, a chain of convenience stores, the world of banking, real estate, a film distribution company, and even a famous bridal boutique) and experienced major success. Now, in this award-winning book, he reveals the keys to his success over the past four decades and teaches readers how to thrive outside of their familiar establishment. *Make Your Own Rules* does this by painting a fascinating portrait of how Rogers excelled precisely because he didn't have prior experience before working in those many businesses--or any preconceived notions of how they should be run. Through insights and engaging stories, you'll learn how to be creative, challenge convention, and seize unexpected opportunities that are not only liberating but make all the difference in your career. Whether you are an entrepreneur or a small business owner, changing careers or just entering the workforce, *Make Your Own Rules* delivers the inspiration and guidance you need to climb the ladder of your choice.

All My Life Susan Lucci 2011-09-13 "See that moon up there? You can reach that high. Never be afraid because you can be anything you want to be." Susan Lucci was only five years old when her father shared these encouraging words with her. They inspired the highly imaginative child who loved make-believe to craft one of the most enduring characters in television history, an achievement that would earn her a record twenty-one Emmy nominations—the most for an actor in the award's history—and the crown as "Leading Lady of Daytime." When Lucci and *All My Children* were introduced to the world in 1971, American television changed forever. Susan's character, the beautiful, spirited, and mercurial Erica Kane, was an original—the first vixen viewers loved to hate. But while millions have enjoyed getting to know Erica's many sides—and have been awed at how this character has continually remade herself—the woman who plays her has remained a mystery. In her long-awaited memoir, this very private actress, wife, mother, daughter, grandmother, sister, friend, and entrepreneur pulls back the curtain to reveal her story. Susan, like Erica Kane, has undergone a metamorphosis many times. *All My Life* shares the stories of those transformations: starring in roles on television and stage, where she took Broadway not just by storm but "by tsunami" as one

critic raved about her performance in *Annie Get Your Gun*; mounting successful cabaret acts (solo and with Regis Philbin); bringing art and joy back to New York in the wake of 9/11; conquering the tango with Tony Dovolani on ABC's hit show *Dancing with the Stars*; and building a successful career as an entrepreneur with a signature line of products. Susan goes beyond her success to talk about the darker moments, too, including the childhood guilt she harbored over the death of her dear grandmother, the car accident that nearly took away her career and her eyesight, her newborn son's life-threatening illness, coping with her husband's cancer, and the pain of miscarriage—one of the many parallels between her *Erica Kane*. As charming, down-to-earth, and compelling as the woman whose story it tells, *All My Life* shines a spotlight on one of our most popular stars and reminds us of the power of dreams and how we can find the courage and tenacity to make them come true.

The Spark Kristine Barnett 2013-04-11 *The Spark* is Kristine Barnett's remarkable memoir about being mother to a genius. Kristine Barnett's son Jacob has an IQ higher than Einstein's, a photographic memory, and he taught himself calculus in two weeks. At nine he started working on an original theory in astrophysics that experts believe may someday put him in line for a Nobel Prize, and at age twelve he became a paid researcher in quantum physics. But the story of Kristine's journey with Jake is all the more remarkable because his extraordinary mind was almost lost to autism. At age two, when Jake was diagnosed, Kristine was told he might never be able to tie his own shoes. Dramatic, inspiring, and transformative, *The Spark* is about the power of love and courage in the face of overwhelming obstacles, and the dazzling possibilities that can occur when we learn how to tap the true potential that lies within every child, and in all of us. 'The Spark is about the transformative power of unconditional love. If you have a child who's 'different' - and who doesn't? - you won't be able to put it down' Sylvia Nasar, author of *A Beautiful Mind* 'The Spark describes in glowing terms the profound intensity with which a mother can love her child' Andrew Solomon, author of *Far from the Tree* 'Every parent and teacher should read this fabulous book!' Temple Grandin, author of *Thinking in Pictures* and co-author of *The Autistic Brain* Kristine Barnett lives in Indiana with her husband, Michael, and their children. In 1996 she founded Acorn Hill Academy, a daycare serving local families. The Lazarus Effect Sam Parnia 2013-03-07 · How many minutes can you survive after cardiac arrest? · What do new medical techniques teach us about consciousness? · How will these change our views of who we are? In 2012, two football stars collapsed while playing. Both were technically dead yet, while Fabrice Muamba received hypothermia treatment and recovered, his counterpart in another country did not. In *The Lazarus Effect*, Dr Sam Parnia, a critical care physician and one of the world's leading experts on the scientific study of death, uses fascinating stories, as well as the very latest research, to show what happens to the mind and body during cardiac arrest and death. he also explains how medical advances are revolutionising our chances of survival. Death is no longer a fixed moment in time. What does that mean? And how can we account for the way the human mind continues to function after death has begun? These questions hold profound ethical, scientific and philosophical implications for us all, not least the fact that, soon, we will have more power over life and death than ever before.

Expedition Deep Ocean Josh Young 2020-12-01 The riveting story of the exploration of the final frontier of our planet—the deep ocean—and history-making mission to reach the bottom of all five seas. Humankind has explored every continent on earth, climbed its tallest mountains, and gone into space. But the largest areas of our planet remain largely a mystery: the deep oceans. At over 36,000 feet deep, there areas closest to earth's core have remained nearly impossible to reach—until now. Technological innovations, engineering breakthroughs and the derring-do of a team of explorers, led by explorer Victor Vescovo, brought together an audacious global quest to dive to the deepest points of all five oceans for the first time in history. The expedition pushed technology to the limits, mapped hidden landscapes, discover previously unknown life forms and began to piece together how life in the deep oceans effects our planet—but it was far from easy. *Expedition Deep Ocean* is the inside story of this exploration of one of the most unforgiving and mysterious places on our planet, including the site of the Titanic wreck and the little-understood Hadal Zone. Vescovo and his team would design the most advanced deep-diving submersible ever built, where the pressure on the sub is 8 tons per square inch—the equivalent of having 292 fueled and fully loaded 747s stacked on top of it. And then there were hurricane-laden ocean waters and the byzantine web of global oceanography politics.

Expedition Deep Ocean reveals the marvelous and other-worldly life found in all five deep ocean trenches, including several new species that have posed as of yet unanswered questions about survival and migration from ocean to ocean. Then there are the newly discovered sea mounts that cause tsunamis when they are broken by shifting subduction plates and jammed back into the earth crust, something that can now be studied to predict future disasters. Filled with high drama, adventure and the thrill of discovery, Expedition Deep Ocean celebrates courage and ingenuity and reveals the majesty and meaning of the deep ocean.

Quiet Hero Rita Cosby 2010-05-18 When a father reveals his haunting past, a daughter takes an incredible

journey of self-discovery . . . Emmy® award-winning journalist, TV host, and New York Times bestselling author Rita Cosby has always asked the tough questions in her interviews with the world's top newsmakers. Now, in a compelling and powerful memoir, she reveals how she uncovered an amazing personal story of heroism and courage, the untold secrets of a man she has known all her life: her father. Years after her mother's tragic death, Rita finally nerved herself to sort through her mother's stored belongings, never dreaming what a dramatic story was waiting for her. Opening a battered tan suitcase, she discovered it belonged to her father—the enigmatic man who had divorced her mother and left when Rita was still a teenager. Rita knew little of her father's past: just that he had left Poland after World War II, and that his many scars, visible and not, bore mute witness to some past tragedy. He had always refused to answer questions. Now, however, she held in her hand stark mementos from the youth of the man she knew only as Richard Cosby, proud American: a worn Polish Resistance armband; rusted tags bearing a prisoner number and the words Stalag IVB; and an identity card for an ex-POW bearing the name Ryszard Kossobudzki. Gazing at these profoundly telling relics, the well-known journalist realized that her father's story was one she could not allow him to keep secret any longer. When she finally did persuade him to break his silence, she heard of a harrowing past that filled her with immense pride . . . and chilled her to the bone. At the age of thirteen, barely even adolescent, her father had seen his hometown decimated by bombs. By the time he was fifteen, he was covertly distributing anti-Nazi propaganda a few blocks from the Warsaw Ghetto. Before the Warsaw Uprising, he lied about his age to join the Resistance and actively fight the enemy to the last bullet. After being nearly fatally wounded, he was taken into captivity and sent to a German POW camp near Dresden, finally escaping in a daring plan and ultimately rescued by American forces. All this before he had left his teens. This is Richard Cosby's story, but it is also Rita's. It is the story of a daughter coming to understand a father whose past was too painful to share with those he loved the most, too terrible to share with a child . . . but one that he eventually revealed to the journalist. In turn, Rita convinced her father to join her in a dramatic return to his battered homeland for the first time in sixty-five years. As Rita drew these stories from her father and uncovered secrets and emotions long kept hidden, father and daughter forged a new and precious bond, deeper than either could have ever imagined.
