Moment Make Carlos Enrique Whittaker 2014-04-01 How to Make Every Moment of Every Day Count Every moment of every day, you have a choice to make. You can either let the minutes pass you by or you can claim them for what they are: opportunities to unlock the full depth of life's potential. For Carlos Whittaker, renowned blogger, musician and worship leader, and husband and dad, living deliberately is a way of life. Making moments that are significant, memorable, or impactful are a part of how he navigates each day, and it has forever changed the landscape of his story. In Moment Maker, Carlos explains his methodology for living intentionally and claiming moments that touch the lives of others, whether that be his family, his friends, his colleagues, or total strangers. Carlos isn't asking anyone to make a big investment in time, energy, or money. He is simply uncovering the investment of attention. You don't have to buy tickets to special events or orchestrate elaborate surprises. You just have to be aware—of your surroundings, the people you encounter, the things that interest those important to you, the opportunities that present themselves—and be prepared to seize those moments and see lives changed.

Fundamentals of Physics, Solutions Manual Edward Derrinigh 1988-08-30 This third edition of the famous introductory physics text has been thoroughly revised and updated. The new edition contains two entirely new chapters: "Relativity" as the concluding chapter of the regular version, and "Particle and the Cosmos" as the concluding chapter of the extended version. New also are 16 essays, distributed throughout the text, on applications of physics to "real world" topics of student interest. Each essay is self-contained and is written by an expert in the topic. The body of the text contains much help in problem-solving and the chapter sections are shorter, making the material more accessible. There are more photos and diagrams than before, including attention-getting chapter-head photos and captions. The number of worked examples has been increased, as has the number of questions, exercises, and problems. In addition, a thread of ideas from relativistic and quantum physics is weaved through the earlier chapters, preparing the way for the later chapters.

Parkland Speaks Sarah Lerner 2019-01-22 Featuring art and writing from the students of the Parkland tragedy, this is a raw look at the events of February 14, and a poignant representation of grief, healing and hope. The students of Marjory Stoneman Douglas High School share their emotional journeys that began on February 14, 2018, and continue today. This revealing and unfiltered look at teens living in the wake of tragedy is a poignant representation of grief, anger, determination, healing, and hope. The intimate collection includes poetry, eyewitness accounts, letters, speeches, journal entries, drawings, and photographs from the events of February 14 and its aftermath. Full of heartbreaking loss, a rally for change, and hope for a safe future, these artistic pieces will inspire readers to reflect on their own lives and the importance of valuing and protecting the ones you love.

Into a Heart of Darkness Robert Mellott 2018-04-09 Dawn is a normal suburban high school senior living Saratoga Springs, New York. Her father is an expert in legends and myths and is a professor at the nearby college. She is a good looking popular girl with a boring mundane life until a new girl moves into the neighborhood. Grace is shy and looks like she stepped out of the 1940's and makes quite an impression with the kids at school. Dawn decides early on to befriend her even though she will lose her social status and takes a seat at the Nerd Table. Grace tends to be strange and keeps to herself except when around Dawn and with Dawn's help Grace blossoms. After Brandon, the captain of the football team asks Dawn out her life becomes a roller coaster of emotions and things become even more twisted after Grace's brother Max arrives and the two foster a relationship that thrusts her into a dark world where nothing is as it seems.
