The New Digital Natives Alexei Dingli 2015-03-17 The first generation of Digital Natives (DNs) is now growing up. However, these digital natives were rather late starters since; their exposure to computers started when they could master the mouse and the penetration of computers in educational institutions was still very low. Today, a new breed of digital natives is emerging. This new breed includes those individuals who are being introduced from their first instances to the world of wireless devices. One year olds manage to master the intuitive touch interfaces of their tablets whilst sitting comfortably in their baby bouncers. The controller-less interfaces allow these children to interact with a machine in a way which was unconceivable below. Thus, our research investigated the paradigm shift between the different generations of digital natives. We analysed the way in which these two generations differ from each other and we explored how the world needs to change in order to harness the potential of these new digital natives.

Overlord, Vol. 1 (manga) Kugane Maruyama 2016-06-28 What do you do when your favorite game shuts down? Momonga decided to stay logged in right up until the very end. But when the servers go dark, he finds himself transported into the game world--and he's been transformed into his skeletal avatar from the game, awesome magical powers included! But what if he's the villain of his own story?

Wildcatting Shann Nix 1994-07 A young woman from Texas narrates a tale of her grandfather, Hiram, a heartbreaking wildcatter with a string of women and a life full of adventure

A LUDIC SOCIETY Natalie Denk 2021-09-09 Contemporary game scholarship offers a broad palette of theories and methods inherited from such fields as sociology and communication studies, experimental sciences, literary analysis, educational sciences and cultural critique. At large, this inherently interdisciplinary research aims for a holistic perspective on the 'LUDIC SOCIETY'. With that in mind, this book is organized into four sections that present related and often intertwined ideas and observations about the ways we manifest ourselves in games and play, how games represent us in the present and in the past, how games and play change us, and what it all may mean for contemporary society. This book invites readers to engage with the key challenges of a ludic society, explore new perspectives and initiate fruitful discussions. It is aimed at both passionate game scholars and all those who want to get a first taste of the multifaceted research field of game studies.

Fantasy Life - Strategy Guide GamerGuides.com 2015-10-23 How to enjoy life in Reveria to the fullest with our jam-packed walkthrough, which covers the main story from your first day in town to the eventual saving the world. The Art of World of Warcraft. Blizzard Entertainment 2015-06-16 Timed to the twentieth anniversary of the blockbuster Warcraft franchise, The Art of World of Warcraft celebrates the groundbreaking art of the complete series to date. In the ten years since its inception, World of Warcraft® has revolutionized the role-playing genre, creating the immense world of Azeroth and filling it with iconic characters and legendary weapons and environments. Featuring interviews with key developers and telling the complete story of the game 's evolution, this fully illustrated book vibrantly displays the renowned artwork at the heart of the franchise. Including never-before-seen art from the latest World of Warcraft expansion, Warlords of Draenor, The Art of World of Warcraft will contain hundreds of drawings and concept art, forming the ultimate tribute to the epic gaming franchise.

Postindustrial East Asian Cities Shahid Yusuf 2006-01-01 Drawing on a wide range of literature and on interviews with firms, this book explores issues of economic growth with a focus on six East Asian cities: Bangkok, Beijing, Seoul, Shanghai, Singapore, and Tokyo. It suggests how policies and institutions can induce and furnish an urban environment that supports innovative activities. A valuable resource for researchers, urban planners, urban geographers, and policy makers interested in East Asia.

Detour to Oblivion Alan Shields 2020-03-13 An important archaeological find in the hills outside Griffin Bay is the start of a series of strange and violent events. A missing lady archaeologist and a brutal murder involve Misty and Nomi with a criminal biker gang, and two shotgun wielding brothers who know more than they'll admit. Behind them all is an unseen and very dangerous enemy. As the dead grow in number time is running out for the McGill Agency, if any are to survive.

Mercedes's Journal Red Thread Co. 2021-11-07 Beautiful white butterfly atop white flowers on the cover of this 8.5 x 11-inch journal with a big 200-page interior. The larger size makes the journal easier to write in while it lies flat. This journal is larger than many others on the market making it a stand-out. Blank journals are great for keeping track of to-do lists at work or home, recording your thoughts or studies. Great gift for back-to-school, or a stocking stuffer. Exterior features the name "Mercedes." If you enjoy the journal, please rate and review it!

Crusader Codex Julian Neale 2016-03-28 The Mightiest Mortals and Monsters of the Crusade! The Crusader Codex brings you over 20 fantastic stat blocks for friends and foes alike, ranging from CR 1 to CR 20, incorporating mortals and immortals in service to law and chaos, good and evil. You will find holy priests and tainted tieflings alongside stealthy demon-slayers and blighted druids of the wounded lands, from twisted alchemists and spirit-channelers to skalds singing the malevolent music of war without end. In addition to humanoid heroes, the Crusader Codex contains a variety of monsters with class levels, from bloodthirsty redcaps and trolls to demon oracles, night hag mesmerists, and more, as well as updated versions of the monstrous mandragora! Each stat block contains roleplaying notes and detailed tactical notes before, during, and after combat. Whether as unique individuals or stock characters, leaders or minions, the characters in the Crusader Codex stand ready to bring the pain wherever the GM needs them. This 38-page compendium of creatures and characters is an ideal companion volume to Unrighteous Villains from Legendary Games, as well as the Pathfinder Roleplaying Game NPC Codex and Pathfinder Roleplaying Game Monster Codex, in supplementing any campaign where your heroes are battling the Abyss and its allies! You can pick up Unrighteous Villains from Legendary Games right here at Amazon.com: <http://www.amazon.com/Unrighteous-Villains-Righteous-Adventure-Plug-Ins/dp/1496123662>

Bunny's Easter Egg Anne Mortimer 2010-01-26 Bunny has spent a long night hiding Easter eggs, and now it's time to get some rest. But when she burrows down to sleep, something disturbs her, and everywhere else she tries to nap just isn't right. She tries the old oak tree—too noisy! She tries a little boat on the lily pond—too wet! She tries the greenhouse—oh no! Where will Bunny go? Anne Mortimer's charming story is just right for Easter-time sharing.

Virtual Justice Greg Lastowka 2010-10-26 Tens of millions of people today are living part of their life in a virtual world. In places like World of Warcraft, Second Life, and Free Realms, people are making friends, building communities, creating art, and making real money. Business is booming on the virtual frontier, as billions of dollars are paid in exchange for pixels on screens. But sometimes things go wrong. Virtual criminals defraud online communities in pursuit of real-world profits. People feel cheated when their avatars lose virtual property to wrongdoers. Increasingly, they turn to legal systems for solutions. But when your avatar has been robbed, what law is there to assist you? In Virtual Justice, Greg Lastowka illustrates the real legal dilemmas posed by virtual worlds. Presenting the most recent lawsuits and controversies, he explains how governments are responding to the chaos on the cyberspace frontier. After an engaging overview of the history and business models of today's virtual worlds, he explores how laws of property, jurisdiction, crime, and copyright are being adapted to pave the path of virtual law. Virtual worlds are becoming more important to society with each passing year. This pioneering study will be an invaluable guide to scholars of online communities for years to come.

The Rough Guide to Central America on a Budget Rough Guides 2015-11-03 The Rough Guide to Central America on a Budget is the ultimate guide to traveling the region and getting the most value for every dollar, colón, quetzal, or lempira. Die Once More Lizbeth Lipperman 2021-10-05 DR. MACKENZIE 'MAC' CONLEY, a biochemist for the CIA, went deep undercover to investigate a man so evil he was dubbed "Dr. Death", and not even her handler knew where she was. Six days later, her team traced a satellite call to a laboratory in Morocco and extracted her, killing Dr. Death in the process...or so they thought. Mac wasn't the same after that, convinced she was damaged goods, and she transferred to the West Coast without explanation. On a mission in Romania, she's about to discover the location of the biggest cache of biological weapons in Eastern Europe...until a team of men steps in and her only lead is killed. Worse, the man responsible for destroying seven months of undercover work is the man she almost married two years earlier. The man she ran from and still loves. GRIFFIN BRADLEY has finally gotten over the only woman he has ever loved when he comes face to face with her once again. After she is recruited into his unit, he goes out of his way to avoid unnecessary contact with her. But when Dr. Death reappears and kidnaps Mac, not only must he thwart a major terrorist attack, but he must find her before the madman disappears forever with her in his grasp.

In Pursuit of a Quest Sharon L. Willshaw 2003

Road of the King Patrick Hoban 2016-03-10 This book will teach a systematic approach to winning tournaments that we will be able to apply to any format, independent of context. While our focus will be on winning tournaments, much of what we talk about can be applied in a broader sense and the scope of what is written extends to many disciplines. We will take from areas such as philosophy, economics, psychology, business, and many of my own personal experiences as a player. The first section of the book will introduce the framework that we will build on throughout the book. Patrick Chapin's "Theory of Everything" is commonly used as the framework for card theory. We are going to start off by taking a look at it, but then we are going to get into some of the problems with using it as a guiding framework. After discussing the problems it has, we are going to attempt to build a better guiding framework. The second section of the book will focus on self. Much of this section will focus on what it means to be rational. We will begin by ensuring that we have the proper tools to make good decisions at our disposal. Next we will explore the various biases that cloud our judgments. Then we will discuss ways we can guard ourselves against these biases and come up with some ways of thinking about things that can better guide our decisions. The final part of this section will deal with properly motivating ourselves to do what it takes to see success. The third section will focus on developing our circle. Our circle is our team. These are the people who will help us see success and who we will help see success. We are going to talk about the tools our circle will use and how to get the most out of those tools, as well as discuss the kind of people we want in our circle. In the fourth section we're going to get down to the ins and outs of technical play. We are going to be talking about the different kinds of resources within a game and about how our role varies within a game. Then we are going to discuss different approaches we can take with our plays to ensure that we are getting the most out of them. The final part of this section will talk about the right approach to have to

tournaments to make sure we are on top of our game when the big day comes. The fifth section is going to focus on the mental aspects of the game. We are going to start off by talking about how to gauge our opponents' skill level so that we can adjust our plays and make them more effective. Then we are going to talk about how to get a read on our opponent's card and how to effectively get information out of them. After that we're going to talk about different ways of persuading our opponent into making the moves we want them to make. In the sixth section we will discuss effective deckbuilding. We will start off by discussing the deckbuilding philosophy and the first principles of deckbuilding. We will then discuss the various role cards can play in a game and talk about some shortcuts for evaluating them. Then we're going to talk about how probability affects our deckbuilding. After that we're going to build on the first principles of deckbuilding by introducing some deckbuilding rules to build consistent and powerful decks. We are also going to discuss deckbuilding curves that we can use to guide our choices. Finally we are going to discuss how to effectively side deck. In the final section we will discuss metagames. We will talk about how to identify shifts in the metagame and then move on to discussing some tournament strategies we can take to overcome the metagame. In the final chapter, we will come to understand how we can influence the format and plan for incremental development, so that we will be able to succeed throughout a format.

Educational Media and Technology Yearbook Michael Orey 2012-11-06 As digital devices play a more critical role in daily life than ever, more opportunities arise for innovative learning technologies—a trend on full display in the Educational Media and Technology Yearbook for 2012. This latest edition, volume 37, from the Association for Education, Communication, and Technology (AECT) notes the most current trends in the field of learning design and technology, taking into account the implications for both formal and informal learning. The majority of articles train their focus on graduate and professional goals, including an analysis of doctoral programs in educational technology and new collaborative learning platforms. Library science is a featured component of this analysis and Library Science programs are featured prominently in this analysis. Mediagraphy and profiles of leaders in the field are also included.

I, Avatar Mark Stephen Meadows 2007-12-27 What is an avatar? Why are there nearly a billion of them, and who is using them? Do avatars impact our real lives, or are they just video game conceits? Is an avatar an inspired rendering of its creator's inner self, or is it just one among millions of anonymous vehicles clogging the online freeways? Can we use our avatars to really connect with people, or do they just isolate us? And as we become more like our avatars do they become more like us? In I, Avatar, Mark Stephen Meadows answers some of these questions, but more importantly, he raises hundreds of others in his exploration of avatars and the fascinating possibilities they hold. His examination of avatars through the lenses of sociology, psychology, politics, history, and art, he will change the way you look at even a simple online profile and revolutionize the idea of avatars as part of our lives, whether first or second.

Heart Failure: A Companion to Braunwald's Heart Disease E-Book G. Michael Felker 2019-02-06 Up-to-date, authoritative and comprehensive, Heart Failure, 4th Edition, provides the clinically relevant information you need to effectively manage and treat patients with this complex cardiovascular problem. This fully revised companion to Braunwald's Heart Disease helps you make the most of new drug therapies such as angiotensin receptor neprilysin inhibitors (ARNIs), recently improved implantable devices, and innovative patient management strategies. Led by internationally recognized heart failure experts Dr. G. Michael Felker and Dr. Douglas Mann, this outstanding reference gives health care providers the knowledge to improve clinical outcomes in heart failure patients. Focuses on a clinical approach to treating heart failure, resulting from a broad variety of cardiovascular problems. Covers the most recent guidelines and protocols, including significant new updates to ACC, AHA, and HFSA guidelines. Covers key topics such as biomarkers and precision medicine in heart failure and new data on angiotensin receptor neprilysin inhibitors (ARNIs). Contains four new chapters: Natriuretic Peptides in Heart Failure; Amyloidosis as a Cause of Heart Failure; HIV and Heart Failure; and Neuromodulation in Heart Failure. Covers the pathophysiological basis for the development and progression of heart failure. Serves as a definitive resource to prepare for the ABIM's Heart Failure board exam. 2016 British Medical Association Award: First Prize, Cardiology (3rd Edition).

Is Superman Circumcised? Roy Schwartz 2021-05-05 Superman is the original superhero, an American icon, and arguably the most famous character in the world—and he's Jewish! Introduced in June 1938, the Man of Steel was created by two Jewish teens, Jerry Siegel, the son of immigrants from Eastern Europe, and Joe Shuster, an immigrant. They based their hero's origin story on Moses, his strength on Samson, his mission on the golem, and his nebby secret identity on themselves. They made him a refugee fleeing catastrophe on the eve of World War II and sent him to tear Nazi tanks apart nearly two years before the US joined the war. In the following decades, Superman's mostly Jewish writers, artists, and editors continued to borrow Jewish motifs for their stories, basing Krypton's past on Genesis and Exodus, its society on Jewish culture, the trial of Lex Luthor on Adolf Eichmann's, and a future holiday celebrating Superman on Passover. A fascinating journey through comic book lore, American history, and Jewish tradition, this book examines the entirety of Superman's career from 1938 to date, and is sure to give readers a newfound appreciation for the Mensch of Steel!

English Unlimited B2 - Upper-Intermediate. Teacher's Pack with DVD-ROM Alex Tilbury 2011-02
