In spite of the fact that they appear as a very good technical-economical compromise, only 0.1% of large dams are equipped with such weirs. Living in Love and Faith The Church of England 2020-11-09 Issues of gender and sexuality are intrinsic to people's experience: their sense of identity, their lives and the loving relationships that shape and sustain them. The life and mission of the Church of England – and of the worldwide Anglican Communion – are affected by the deep, and sometimes painful, disagreements about these matters, divisions brought into sharper focus because of society's changing perspectives and practices, especially in relation to LGBTBI+ people. *Living in Love and Faith* sets out to inspire people to think more deeply both about what it means to be human, and to live in love and faith with one another. It tackles the tough questions and the divisions among Christians about what it means to be holy in a society in which understandings and practices of gender, sexuality and marriage continue to change.

Commissioned and led by the Bishops of the Church of England, the *Living in Love and Faith* project has involved many people across the Church and beyond, bringing together a great diversity and depth of expertise, conviction and experience to explore these matters by studying what the Bible, theology, history and the social and biological sciences have to say. After a Foreword from the Archbishops of Canterbury and York, the book opens with an invitation from the Bishops of the Church of England to embark on a learning journey in five parts: *Part One* sets current questions about human identity, sexuality, relationships and marriage in the context of God's gift of life. *Part Two* takes a careful and dispassionate look at what is happening in the world with regard to identity, sexuality, relationships and marriage. *Part Three* explores current Christian thinking and discussions about human identity, sexuality, and marriage. In the light of the good news of Jesus Christ, how do Christians understand and respond to the trends observed in *Part Two*? *Part Four* considers what it means for us as individuals and as a church to be Christ-like when it comes to matters of identity, sexuality, relationships and marriage. *Part Five* invites the reader into a conversation between some of the people who have been involved in writing this book who, having engaged with and written *Parts One to Four*, nevertheless come to different conclusions. Amid the biblical, theological, historical and scientific exploration, each part includes *Encounters* with real, contemporary disciples of Christ whose stories raise questions which ask us to discern where God is active in human lives. The book ends with an appeal from the Bishops to join them in a period of discernment and decision-making following the publication of *Living in Love and Faith*. The *Living in Love and Faith* book is accompanied by a range of free digital resources including films, podcasts and an online library, together with *Living in Love and Faith: The Course*, a 5-session course which is designed to help local groups engage with the resources, also published by Church House Publishing.

Yoga - Madness Or Meditation? Zahir Akram 2019-06-05 Just because something is 'yogic' or part of the Indian culture does not mean that you, as a yoga student, have to accept it or agree with it and believe it to be true. You have your own judgement, your own mind, your own conviction, your own faith and your own rationale. Do not insult your own intelligence and your own authentic self by assuming that everything that has the label "yoga" on it has to be authentic or true". WARNING! This is not another airy fairy book on Yoga. That has been done over and over again. Zahir attempts to demystify yoga and help the student better understand the vast complexities of this ancient system. Some of Zahir's views will offend delicate 'yogis' and chakra cleansers and teachers who say "the knee shall never travel over the toe", but at the same time this book will offer valuable illumination on the subject of 'yoga'. What exactly is yoga? Zahir says that Yoga is either Madness or Meditation. This all depends on a state of mind.

Great Parliamentary Scandals Matthew Parris 2004-07-22 Scandalously it's been business as usual in parliament despite Tony Blair's promise of a new dawn over Britain in 1997. Conmen, secret home loans, walks on the wild side, liars, ridiculously expensive wallpaper and a jailed peer-cum-celebrated author have joined the prostitutes, gropers, shady share dealers, rent boys and Soviet spies that have been such a colourful feature of politics for five centuries. In this comprehensively updated edition of the bestselling 'Great Parliamentary Scandals', Matthew Parris and Kevin Maguire shine an entertaining and highly revealing light into the murky underworld of British parliamentary life, exposing the low side of high office.

Labyrinth and Piano Key Weirs III Sébastien Ericpium 2017-04-11 Since the first implementation by Electricité de France on the Goulours dam (France) in 2006, the Piano Key Weir has become a more and more applied solution to increase the discharge capacity of existing spillways. In parallel, several new large dam projects have been built with such a flood control structure, usually in combination with gates. Today, more than 25 Piano Key Weirs are in operation or under construction all over the world. More than 15 years of research and development have enabled detailed investigations of the hydraulic and structural behaviour of the Piano Key Weir complex structure and have provided more and more accurate design equations. Following the proceedings of the first two workshops held in Liege (Belgium – 2011) and Paris (France – 2013), *Labyrinth and Piano Key Weirs III* collects the contributions presented by people with varied background, from researchers to practitioners, at the 3rd International Workshop on Labyrinth and Piano Key Weirs - PKW 2017 (22-24 February 2017, Qui Nhon, Vietnam). The papers, reviewed and accepted by an International Scientific Committee, summarize the current state-of-the-art on Piano Key Weirs from a theoretical to a practical point of view, and present most of the main projects in operation or under construction.

Labyrinth and Piano Key Weirs III is thus a reference for students, practitioners and researchers interested in Dams Engineering. *Straight Line Crazy* David Hare 2022-03-31 For forty uninterrupted years, Robert Moses was the most powerful man in New York. Though never elected to office, he manipulated those who were through a mix of guile, charm and intimidation. Motivated at first by a determination to improve the lives of New York City's workers, he created parks, bridges and 627 miles of expressway to connect the people to the great outdoors. But in the 1950s, groups of citizens began to organize against his schemes and against the motor car, campaigning for a very different idea of what a city should be. David Hare's blazing account of a man - played by Ralph Fiennes - whose iron will exposed the weakness of democracy in the face of charismatic conviction, premieres at the Bridge Theatre, London, in March 2022.

Numbering the Dead John Aitchison 2015-08-05 Numbering the Dead is a seminal account of the violent civil conflict that broke out around the city of Pietermaritzburg in 1987 and what ensued over the next three years. Aitchison and his colleagues, based at the Centre for Adult Education, documented and dissected the ebb and flow and the changing circumstances of this not-so-low intensity civil war in the region. They collected, computerised, and categorised literally thousands of instances of eyewitness or documentary evidence, and then applied an innovative synthesis of qualitative and quantitative approaches that uncovered the patterns and intimated the underlying causes. This book, mainly covering the period 1987 to 1989, presents a distillation of this monitoring work, conducted under unimaginably difficult and stressful conditions. It was originally done with the simple aim of stopping the killing by telling people in the province, in South Africa and the world what was happening, as accurately and truthfully as possible.
