The Red and the Black Stendhal 2018-10-29 The Red and the Black tells the story of Julien Sorel's life in a monarchic society of fixed social class. It is a historical psychological novel which chronicles the attempts of a provincial young man to rise socially beyond his modest upbringing through a combination of talent, hard work, deception, and hypocrisy. He ultimately allows his passions to betray him. The novel has a two-fold literary purpose, being both a psychological portrait of the romantic protagonist, Julien Sorel, and an analytic, sociological satire of the French social order under the Bourbon Restoration.

The Red and the Black Stendhal 2021-11-16 The Red and the Black Stendhal - First published in 1830, *The Red and the Black*, is widely considered the masterpiece of 19th century French author Marie-Henri Beyle, known more commonly by his pen name, Stendahl. It follows the ambitions of Julien Sorel, a young man raised in the French countryside who wishes to rise above his provincial station by climbing the social ranks of Parisian society. Through a series of events, Juliens talent and hard work give way to deception and hypocrisy when he realizes the limitations for advancement of a sincere and honest man of humble origins. Although Julien achieves much which he aspires to, ultimately his pride gets the better of him when he commits a violent crime of passion, leading to his tragic downfall. Through the deep psychological introspection of Julien we see Stendhals unique literary genius, the remarkable way in which he allows readers to live in the minds of his characters. Set against the backdrop of the July Revolution of 1830, *The Red and the Black* is a narrative which embodies the rich social conflict of that time. This edition is translated with an introduction by Horace B. Samuel.

Stendhal: The Red and the Black Stirling Haig 1989-06-22 Stendhal's great novel *The Red and the Black*, published in 1830, is seen as one of the most distinguished monuments of literary realism. In this introductory study, Stirling Haig shows how this realism derives from the incorporation of both history and legal reportage into the novel, and how it combines autobiography with mimesis. Professor Haig locates the novel in the context of Stendhal's own experiences as a Commissariat officer in the Napoleonic army, journalist, opera-lover, salon dandy and traveller in Italy and Restoration France, and highlights the constant inter-penetration of personal, documentary, and fictional elements in Stendhal's writings.

Stendhal Francesco Manzini 2019-10-15 This is a book about the life and work of a singular writer, an author well-known for his biographies and travel writing but most famous for his novels *The Red and the Black* and *The Charterhouse of Parma*. As a child, Stendhal witnessed the unfolding of the French Revolution; as a young man, he served Napoleon first as a soldier and then as an administrator; and as a middle-aged man, he made it his task not to pursue his career, but instead to take as much paid leave as possible in order to be free and to be happy—and to write. Stendhal's works often take the form of conversations with his readers—the “Happy Few” as he called them—about the things that matter most. He once claimed that he spent the majority of his life “carefully considering five or six main ideas.” This book makes clear what those main ideas were, why they mattered to Stendhal, and why they continue to matter to all of us.

Realism and Revolution Sandy Petrey 1988 Sandy Petrey here looks at the emergence of nineteenth-

century French realism in the light of the concept of speech acts as defined by J. L. Austin and as exemplified by the history of the French Revolution. Through analysis of the techniques of representation in works by Balzac, Stendhal, and Zola, Petrey suggests that the expression of a truth depends on the same collective forces necessary to change a regime. According to Petrey, political legitimacy in the Revolution, the Empire, and the Restoration was established by means of a series of demonstrations that what words say cannot be interpreted without reference to the community to which they speak. Petrey first discusses the creation of France's National Assembly in 1789 as a foundational example of how speech acts can bring about historical transformation. He then challenges the most powerful twentieth-century assault on realist aesthetics, Roland Barthes's *S/Z*, and also considers the views of such contemporary critics as Jacques Derrida, Barbara Johnson, and Stanley Fish. During the Revolution, Petrey says, statements of truth were not descriptions of what was, but rather exhortations to produce what was not. Nineteenth-century French fiction represents in literary form a similar collectively authorized linguistic performance; the "real" in realism comes from representing facts not as they are in themselves but as they are produced and rejected in society. In the course of illuminating readings of three central realist works--Balzac's *Pere Goriot*, Stendhal's *The Red and the Black*, and Zola's *Germinal*--Petrey takes the position that the dilemmas of representation, far from being one of realism's blind spots, figure among its major narrative subjects.

Exemplarity and Singularity Michele Lowrie 2015-04-17 This book pursues a strand in the history of thought – ranging from codified statutes to looser social expectations – that uses particulars, more specifically examples, to produce norms. Much intellectual history takes ancient Greece as a point of departure. But the practice of exemplarity is historically rooted firmly in ancient Roman rhetoric, oratory, literature, and law – genres that also secured its transmission. Their pragmatic approach results in a conceptualization of politics, social organization, philosophy, and law that is derived from the concrete. It is commonly supposed that, with the shift from pre-modern to modern ways of thinking – as modern knowledge came to privilege abstraction over exempla, the general over the particular – exemplarity lost its way. This book reveals the limits of this understanding. Tracing the role of exemplarity from Rome through to its influence on the fields of literature, politics, philosophy, psychoanalysis and law, it shows how Roman exemplarity has subsisted, not only as a figure of thought, but also as an alternative way to organize and to transmit knowledge.

Stendhal Victor Brombert 2017-10-09 Victor Brombert is a lion in the study of French literature, and in this classic of literary criticism, he turns his clear and perspicacious gaze on the works of one of its greatest authors—Stendhal. Best remembered for his novels *The Red and the Black* and *The Charterhouse of Parma*, Stendhal is a writer of extraordinary insight into psychology and the many shades of individual and political liberty. Brombert has spent a lifetime reading and teaching Stendhal and here, by focusing on the seemingly contradictory themes of inner freedom and outer constraint within Stendhal's writings, he offers a revealing analysis of both his work and his life. For Brombert, Stendhal's work is deeply personal; elsewhere, he has written about the myriad connections between Stendhal's ironic inquiries into identity and his own boyhood in France on the brink of World War II. Proceeding via careful and nuanced readings of passages from Stendhal's fiction and autobiography, Brombert pays particular attention to style, tone, and meaning. Paradoxically, Stendhal's heroes often feel most free when in prison, and in a statement of stunning relevance for our contemporary world, Brombert contends that Stendhal is far clearer than any writer before him on the “ crisis and contradictions of modern humanism that . . . render political freedom illusory.” Featuring a new introduction in which Brombert explores his earliest encounters with Stendhal—the beginnings of his “ affair ” during a year spent as a Fulbright scholar in Rome—Stendhal remains a spirited, elegant, and resonant account.

The Abbess of Castro Stendhal 2021-12-03 'The Abbess of Castro' is a novella by Stendhal which recounts the untimely tragic romance between the daughter of the wealthiest man in Lazio and a penniless gangster. It may be a tale of star-crossed lovers set in Italy, but this novella is so much more than an alternative Romeo and Juliet. Beneath the surface lies an eye-opening tale of political machinations that Machiavelli would be proud of, violent family feuds and swashbuckling adventures. Claimed to be translated from 16th Century manuscripts, 'The Abbess of Castro' packs an extra punch with its extremely unsympathetic view on warfare and an acute critique on ardent individuals undone by passion. Stendhal is widely regarded to be an eminent example of Romantic Realism throughout his work and directly influenced the world-famous Russian author Leo Tolstoy in his depictions of war, especially in Tolstoy's works 'Sevastopol Sketchers', 'The Invaders', 'The Cossacks' and 'Youth and Childhood'. Stendhal (1783-1842), the pseudonym of Marie-Henry Beyle, was a French writer. A pioneer of literary realism and master of the psychological portrayals of his characters, he is best known for his novels 'The Red and the Black' (1830) and 'The Charterhouse of Parma' (1839).

The Red and The Black Stendhal 2020-07-15 Le Rouge et le Noir (French meaning The Red and the Black) is a historical psychological novel in two volumes by Stendhal, published in 1830. It chronicles the attempts of a provincial young man to rise socially beyond his modest upbringing through a combination of talent, hard work, deception, and hypocrisy. He ultimately allows his passions to betray him. The novel's full title, Le Rouge et le Noir: Chronique du XIXe siècle (The Red and the Black: A Chronicle of the 19th Century), indicates its twofold literary purpose as both a psychological portrait of the romantic protagonist, Julien Sorel, and an analytic, sociological satire of the French social order

under the Bourbon Restoration (1814-30). In English, *Le Rouge et le Noir* is variously translated as *Red and Black*, *Scarlet and Black*, and *The Red and the Black*, without the subtitle.

The Red and the Black Stendhal 2003 A major new translation of Stendhal's masterpiece by acclaimed, bestselling translator Burton Raffel, "*The Red and the Black*" tells of Julien Sorel, an ambitious young man from the provinces fueled by dreams of Napoleonic heroism.

The Red and the Black Stendhal 2004-11-04 A landmark in the development of psychological realism, Stendhal's masterpiece chronicles a young man's struggles with the dualities of his nature. Julien Sorel, a young dreamer from the provinces whose imagination is afire with Napoleonic ideals, sets off to make his fortune in Parisian society of Restoration France. His encounters and experiences along the way incite constant inner conflict, drawing him back and forth between sincerity and hypocrisy, idealism and cynicism, humility and pride, love and ambition.

Lucky Per Henrik Pontoppidan 2010 *Lucky Per*, written at the turn from the nineteenth to the twentieth century (1898-1904), has never before been translated into English, although its author, Henrik Pontoppidan, won the Nobel Prize in literature in 1917 together with his Danish countryman Karl Adolph Gjellerup. Indeed, Pontoppidan's novel was singled out by writers like Thomas Mann and Georg Lucács as seminal in modern world literature. *Lucky Per* sweeps through every social, religious, literary, and philosophical circle of the 1890s, through the politics of city power brokers, the engineering of new technology, the alien correctives of provincial complacency by the ecumenical culture and complex of Copenhagen's Jewish set, the victims of the Russian pogroms, and the cosmopolitan chastisement imported from the European capitals by the self-exiled Georg Brandes, Danish critic of huge influence and presence, and a character in the novel. The contrast between the Danish capital and provinces is matched by that between Copenhagen and Berlin. The Austrian Alps are host to a clash between a form of progressive post-Darwinian naturalism and conservative Christianity, whereas Italy mediates between comparative morality and the classical and contemporary worlds. Pontoppidan dramatically incorporates the perspectives of the makers of early modernism, such as Brandes, Kierkegaard, Nietzsche, Ibsen, biblical prophets, and Bohemian artists. Trolls from Scandinavian fairy tales haunt the novel's realism without ever letting them bully or appropriate either the life of the fiction or the life of the protagonist from his childhood as the son of a strict Lutheran pastor through the passionate sorrows and joys that led him to his full maturity. It is a rich and riveting work of moral, metaphysical, psychological, philosophical, and literary complexity and depth, carried by a large, varied, vivid, and vibrant cast of characters of all classes and persuasions.

Stendhal Roger Pearson 2014-09-11 Both critic and writer, Stendhal has now become established as one of realism's founding fathers. Dr Pearson's book maps out, for the first time, the critical reception of Stendhal's two most widely read novels, *The Red and the Black* and *The Charterhouse of Parma* since their publication in 1830 and 1839 respectively. In part one he provides generous samples of the most important nineteenth-century responses to the novels, almost all of them translated into English for the first time. Part two presents a full range of the most authoritative and influential readings since 1945, which illustrate a wide variety of critical approaches.

A Mirror in the Roadway Morris Dickstein 2021-08-10 In a famous passage in *The Red and the Black*, the French writer Stendhal described the novel as a mirror being carried along a roadway. In the twentieth century this was derided as a naïve notion of realism. Instead, modern writers experimented with creative forms of invention and dislocation. Deconstructive theorists went even further, questioning whether literature had any real reference to a world outside its own language, while traditional historians challenged whether novels gave a trustworthy representation of history and society. In this book, Morris Dickstein reinterprets Stendhal's metaphor and tracks the different worlds of a wide array of twentieth-century writers, from realists like Theodore Dreiser, Sinclair Lewis, Edith Wharton, and Willa Cather, through modernists like Franz Kafka and Samuel Beckett, to wildly inventive postwar writers like Saul Bellow, Günter Grass, Mary McCarthy, George Orwell, Philip Roth, and Gabriel García Márquez. Dickstein argues that fiction will always yield rich insight into its subject, and that literature can also be a form of historical understanding. Writers refract the world through their forms and sensibilities. He shows how the work of these writers recaptures--yet also transforms--the life around them, the world inside them, and the universe of language and feeling they share with their readers. Through lively and incisive essays directed to general readers as well as students of literature, Dickstein redefines the literary landscape--a landscape in which reading has for decades been devalued by society and distorted by theory. Having begun with a reconsideration of realism, the book concludes with several essays probing the strengths and limitations of a historical approach to literature and criticism.

The Red and the Black Stendhal, 2009-03-26 In this vigorous and fast-moving novel of post-Napoleonic France, Julien Sorel's plans to reach the higher echelons of society through the priesthood are deflected by his realization that the attainment of happiness is of greater consequence than the pursuit of ambition. Subtitled 'A Chronicle of 1830', Stendhal's depiction of a nation of smug hypocrites scandalized contemporary readers, who recognized themselves or their peers and felt uncomfortable with the energy, imagination, and sincerity of a hero so patently inspired by their lately deposed Emperor. Julien's restless energy is fully captured in this specially commissioned translation of one of the world's great novels.
